Ladies' Guild

Bazaar to be Held Nov. 21

The Ladies Guild of the United Church will hold their annual bazaar and dinner in Phillips' hall on Saturday Nov. 21. At the bazaar there will be 49c and 98c booths so that the prices will be in tune with the times. A new department this year will be the "Made in Canada" booth consisting of goods devoted by Dominion manufacturers and ranging in variety from carpet sweepers and oil cake meal to cut flowers and kitchen cleanser. Every thing will be priced to suit YOUR pocketbook.

Dinner will be served in the evening and all are cordially invited.

Regular Monthly Meeting of P.-T.A.

The regular monthly meeting of the P. T. A. was held at the home of Mr. and Mrs. Gaylen Jones last Monday evening. A fairly large number of members were present and all were very enthusiastic about the program which was so ably prepared by Mrs. Weins and Mrs. MacLeod. During the course of the evening Mr. Johnson favored the organization with a short talk on the school work. Mrs. Fonger read a very interesting paper on "Delinquent Boys." Miss Spencer read an article on "the value of the fairy tale." Following the adjournment of the meeting lunch was served by the hostess.

Gleichen to Have a Flour Mill at Once

Gleichen took another step forward Tuesday, when the town council recieved definite word that a flour mill with a capacity of 75 barrels of flour per day, would be built on the property where the old Bates garage was situated, which contained five lots.

A. C. Robertson Co. Ltd. will build the mill and the work will start immediately. The material and machinery have already been ordered and are on the way. The building will be about 50 feet square and have a basement. It will be operated by electric power and will cost in the neighborhood of 12,000. A Mr. Henderson, an old flour man, will be the miller and hopes to have the mill in operation by Christmas. The builder of the mill will bring three men with him and will employ as much local help as possible in the construction. Gleichen is fortunate indeed in getting this mill for quite a few other towns in Alberta were doing their utmost to secure it. —Gleichen Call

Damage estimated at more than \$30,000 was caused by fire which broke out in the business block in Cereal early Saturday morning, the flames for a time threatening the C.N.R. station and elevators.

School Notes

The High School party held last Friday in the school was well attended by most of the students and a few of the former students. The evening passed quickly with games, a treasure hunt and a visit to a horror chamber. A delicious lunch was served and the evening's entertainment is attributed to the work of the Program Committee Miss. Victoria Barron, Miss Beth Ellis and Miss. Florence Holland.

Apparently a few will be relieved of their position on the school team due to failure in any of their subjects.

WEDDINGS

DAHL—NEWTON

The marriage took place on Monday, November 9th of Mary Florence Newton, eldest daughter of Mrs. R. E. Newton, of Retlaw, and Roy Dahl, of Arrowwood, son of Mrs. Anna Dahl of Pierpoints, S.D. at the North Hill Parsonage, Calgary. The Rev. Rex Brown officiated. The "Resource" joins in wishing Mr. and Mrs. Dahl a long and happy life.

Peace Pageant

Remembrance Day was fitting celebrated in Arrowwood when the Junior U.F.A. sponsored a pageant for the occasion. Three numbers from the school opened the program and these were enjoyed very greatly by the crowd. Following this the Juniors, under the direction of Miss LeBeau, Mrs. Weins and Mrs. McLeod, presented their pageant. This was quite effective in bringing about many fond remembrances of those who went forth to defend our country.

Additional Locals

Annual Bazaar of United Church Nov. 21.

Mr. and Mrs. J. Dumka and daughter Mary, were visitors to Calgary on Wednesday.

The P.-T.A. dance advertised for November 7th has been postponed until November 14th.

Mrs. Frank Harshe of Lethbridge is visiting friends in Arrowwood.

Mrs. H. M. Kerr and Mrs. E. Lewendon, were visitors to Calgary on Tuesday.

Mr. and Mrs. J. R. Shearer of Black Diamond, spent the week-end at the home of Mr. and Mrs. J. Mackie. On Sunday Mr. Shearer delivered an address at the United Church.

Early last Saturday morning while Mr. T. J. Barr was filling T. A. Kelly's truck with gasoline, he held a lighted lantern too close to a drum of gasoline, causing an explosion. Mr. Kelly was immediately called and they had to put up a stiff fight to save the garage, which contained five cars

Silver Wedding Anniversaries are Celebrated

Mr. and Mrs. A. H. Tharle and Mr. and Mrs. S. Washburn Are Honored by Friends

A gathering of over a hundred and fifty friends of Mr. and Mrs. A. H. Tharle and Mr. and Mrs. S. Washburn congregated at the Sunset Valley Schoolhouse last Friday evening to celebrate their dual silver wedding anniversaries. The gathering was in the nature of a surprise to the grand couples. Seventeen tables of Court Whist were played and the ladies' first prize went to Miss Ernest, second to Mrs. W. Steiner, E. Lewendon and D. Richards tied for gent's first prize, Mr. Lewendon being the lucky one in the cut to decide the winner of first prize. Booby prizes were won by Bert Tharle and Mrs. D. Richards.

Following cards, Mr. J. R. Shearer, of Black Diamond, on behalf of all their friends, acquainted the two couples with the true nature of the gathering and in a few very appropriate words, wished them all the happiness for many years to come, that they so richly deserve. Each couple was presented with a lovely silver casserole and a wedding cake as a token of the esteem in which they are held by all who came in contact with them. In replying to Mr. Shearer's

remarks, both Mr. Tharle and Mr. Washburn thanked all those connected with the occasion for their kindness and expressed their surprise at the co-operation and thoughtfulness of everyone in keeping the true nature of the gathering from them. Mr. Washburn replied in a humorous vein, trying to leave the impression that his position in the home was a lowly one and succeeded in bringing down much laughter. After Mr. Washburn's remarks, all joined in singing "For They're Jolly Good Fellows" and "Blest be the Tie that Binds."

A delicious lunch was served after which the gathering broke up by all joining hands and singing "Auld Lang Syne."

Mrs. R. H. Bishop presided at the piano for the singing. The schoolroom had been tastily decorated in green, yellow and silver by Miss N. McKeage.

Both men folk homesteaded in this district. Mr. Tharle in 1900 and Mr. Washburn about 1902 and, of course, both couples were married in 1906. On October 5th, Mr. Washburn and Miss Sadie Neil were married at Columbus, Indiana, and on November 16th Mr. Tharle and Miss Jean Milliken were married in Winnipeg. Since coming to the community both families have displayed sterling qualities. Leadership and helpfulness have marked their sojourn with us and the very numbers who gathered is some index to the esteem in which they are held.

Farwell for Mr. E. C. Bird

Last Tuesday evening the home of Mr. and Mrs. Mackie was the scene of a hilarious farewell party for Mr. Eric Bird, who is leaving shortly for Jamaica. The event was rather a surprise to Eric for when he arrived upon the scene to his amazement some twenty eight friends had gathered to welcome him.

About 7:30 all present sat down to a very sumptuous supper which was served in a dainty manner. Immediately following the supper musical selections were heard and games indulged in with much gaiety. Near the hour of eleven o'clock the party gathered around the fire place where an interesting story was told. Regret was expressed at the hearing of his departure and as a token of memory an autograph album was presented to him.

Those present at the farewell were: Mr. Eric Bird, Mr. and Mrs. Shearer, Mr. and Mrs. Mackie, Mr. and Mrs. McCann, Mrs. Hales, Miss I. Mackie, Miss L. Spencer, Miss I. MacLeod, Miss V. Ingraham, Miss V. McKinley, Miss K. MacLeod, Miss J. MacLeod, Miss G. MacLeod, Miss A. Connell, Miss R. Lord, Miss A. Horning, Miss I. Horning, Miss M. Mitchell, Miss M. Leonard, Miss J. Elliott, H. Tharle, B. McCann, M. Taylor, H. McCullough, J. Clarke, R. Leonard and E. Larson.

Nominations for Councillor

Nominations for a councillor to fill out the unfinished term of A. J. Troy, resulted as follows:

M. R. Leonard, nominated by A. C. Henry and J. M. Weins. A. L. Ingraham, nominated by F. C. Miller and J. Mackie, Jr.

Providing neither party with draws, an election will be held on Wednesday, Nov. 18.

The astonishing discovery that gas can be used for something besides light, heat and committing suicide, was made by the San Francisco police recently. Officers started to arrest a man for being drunk, and he chided them gently: "No liquor on breath," he said, and it was true. "Well how come your all twisted around a lamp post like this?" the officers asked. "Just a little monoxide cocktail," the drunk explained. "Take a glass of water, hose on the gas tap and turn on gas which runs through the water. Then drink the water and it knocks you cuckoo." The officers went on their way soliloquizing that there must be something new under the sun.

By the end of November, 1931, over 28,000 head of cattle will, it is expected, have been exported from Canada to Great Britain. Weekly shipments for some time past have averaged from 1,000 to 2,000 head, according to records.

Perhaps

Crowds! we admit that we do not like them. Yes, it is all right to sit in the gallery or at a window over a street and study them. But to jostle among them, young and old, fat and lean, wealthy and poor, cultured and uncouth, as they drift or hurry through a departmental store, is an entirely different matter. And there are no extra thrills when one is following a woman with a shopping bag while he has no purchase to make.

But we were glad to see them. And they were not confined to one store nor did there seem to be any special bargains. Yet everybody seemed busy. We did not stop to see what they were buying, luxuries or necessities. Of course the groceries had their full house but other departments seemed well crowded. If one could not be waited upon at once it was not because the clerks were coquetting around the corner. They were busy. What money, or whose, was spent, we did not stop to ask. The rise in wheat may have ceased margins or caused some to sell. It may have been wages from relief work. But they were buying. And parking spaces were filled. And it was difficult to get up the street and worse to cross.

And it brought to mind those who said that it was not all over but good times would come back. And they acted that part. Oh, yeah, it may be the exceptional day, that exception that proves the rule. But we prefer to consider it the earnest of better times. We believe with those who say that God has not forgotten us. Perhaps, perhaps they are right.

UNUS SOLUS.

"Silver Weddings"

Elsewhere in this issue we read of two Arrowwood couples celebrating their silver weddings and while to some it may appear as a very natural thing to do, so few have that privilege.

Twenty-five years of married life is far above the average and is a milestone passed of which any couple can well be proud.

Many of us, through the act of God, have been denied this wonderful success and as we congratulate those that have been allowed to carry on for so long together, we can't help but think that His reason for denying some people this earthly achievement is greater than we know.

Nations, communities, and states are built on the strength

of the home, for from the homes of happiness and harmony come the boys and girls that make nations. They have been brought up in that peaceful atmosphere of harmony, educated along the lines of

"Love thy neighbor," and when they go out into the world and are brought into contact with the other side of life their early training is their greatest help in maintaining the standard of "Silver wedding homes"

Health Service

OF THE
Canadian Medical Association

Edited by

GRANT FLEMING, M.D., ASSOCIATE SECRETARY

Does Your Child See?

When a child is blind in both eyes, the condition is, of course, recognized. There are many children, however, who have defective sight, which fact is unknown to their parents. That this is so is evidenced by the number of children entering school, who are found by school physicians to have defective eyesight.

The good work done by the school health services does not provide for the pre-school child or for the child who attends a school where there is no school physician or nurse.

A child should be able to recognize a picture or object one-half an inch square at 20 feet. Each eye is tested separately, one eye being covered with a card during the test of the other. For near vision, a picture book may be used. If there is any appreciable defect in either eye, whether for near or distant vision, the family physician should be consulted.

Cross-eye is a condition which is frequently neglected because of the parents' ignorance as to its significance. Children with this condition should be placed under medical care without de-

lay. A cross-eyed child sees double. This causes confusion and so the mind trains itself to pay attention only to the image that comes to it through the straight eye. This results in one eye's being developed through use and the other's becoming useless because it is not used.

Unless the condition is properly treated early, the child loses the use of one eye and is actually blind in that eye. If the child is treated between two and three years of age, the most or all of his vision can be saved; the longer treatment is delayed, the more vision is lost! Cross-eye is a condition which does not correct itself. Children do not grow out of it.

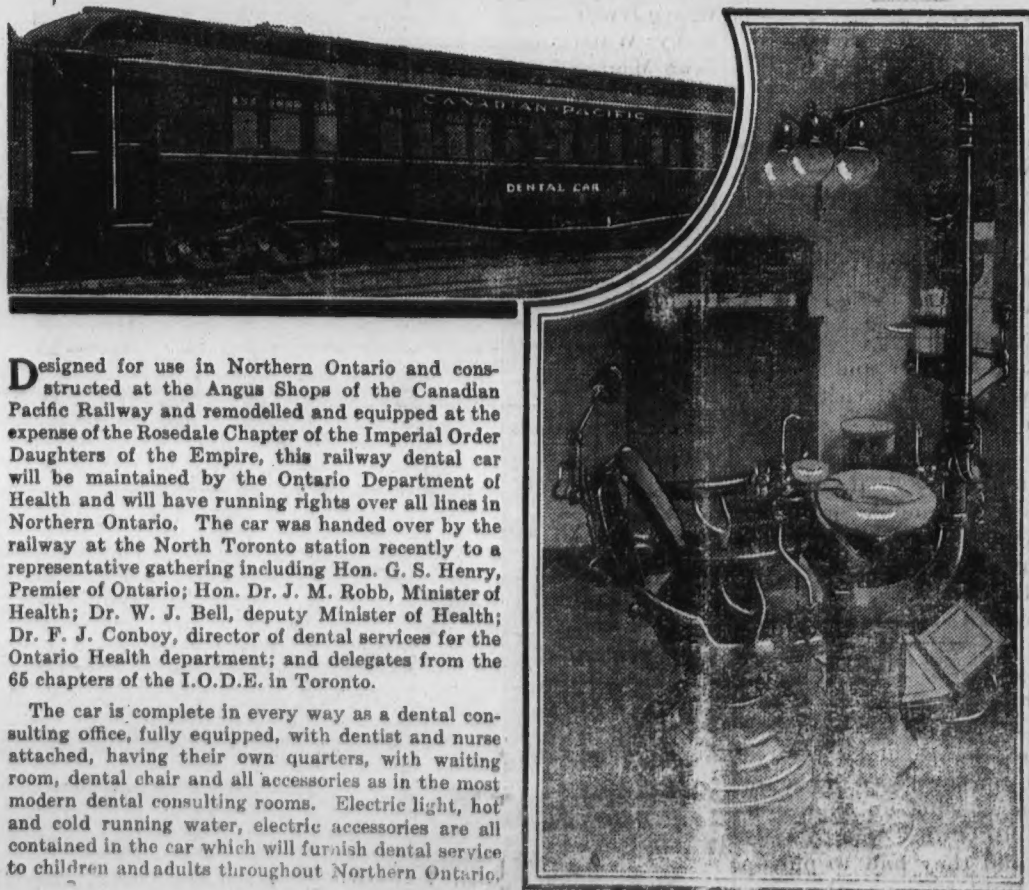

If the child is placed sitting facing the parent, an arm's length away, with one eye covered by the parent's hand, and is made to look at the parent's nose with the uncovered eye, the parent will find that, on uncovering the other eye, it is either looking at the nose, which means that no cross-eye is present, or that it moved in or out, or remained crossed in or out, which is an evidence that cross-eye is present.

Your children will appreciate, in later years, the care you give now to this special organ.

In a recent decision handed down by the Supreme Court of the United States affirming the constitutionality of a Connecticut law, it stated the owner of a motor vehicle cannot be held liable for guests' injuries while riding in his car unless the injuries are caused

by careless driving or international accident. It has been the tendency of Court decisions recently to hold the car owner liable for his guests' injuries, thus paving the way for many suits that had serious consequences.

Dental Services to Northern Outposts

Designed for use in Northern Ontario and constructed at the Angus Shops of the Canadian Pacific Railway and remodelled and equipped at the expense of the Rosedale Chapter of the Imperial Order Daughters of the Empire, this railway dental car will be maintained by the Ontario Department of Health and will have running rights over all lines in Northern Ontario. The car was handed over by the railway at the North Toronto station recently to a representative gathering including Hon. G. S. Henry, Premier of Ontario; Hon. Dr. J. M. Robb, Minister of Health; Dr. W. J. Bell, deputy Minister of Health; Dr. F. J. Conboy, director of dental services for the Ontario Health department; and delegates from the 65 chapters of the I.O.D.E. in Toronto.

The car is complete in every way as a dental consulting office, fully equipped, with dentist and nurse attached, having their own quarters, with waiting room, dental chair and all accessories as in the most modern dental consulting rooms. Electric light, hot and cold running water, electric accessories are all contained in the car which will furnish dental service to children and adults throughout Northern Ontario.

The Late T. A. Edison
Was Once a
Canadian Resident

The recent death of Thomas A. Edison recalls the fact that he, like Alexandra Graham Bell inventor of the telephone proved his first invention in Canada. Edison as a youth was a telegraph operator in Canada for the Grand Trunk Railway (now C. N. R.) and it was while so employed at Stratford that he perfected his first invention. It is an interesting coincidence that almost at the same time and only a few miles away at Brantford Ontario, Alexandra Graham Bell was developing his telephone over which the first conversation was held between Brantford and Paris Ont. on August 10th, 1876.

Stay With the Pool

In commenting on the delivery of wheat to Pool Elevators in the prairie provinces, The Northwestern Miller, never very friendly to the Pool movement, says: "There is reason to believe that all these Pools have up to the present enjoyed their usual quota of grain handling in the country. Such conditions in a year of short crops and keen country buying bespeak the loyalty of the western farmer to the organization he has built up."

The solidarity of the purpose manifested by the grain growers of the west wrings grudging praise even from opponents. Do not let up for a minute.

See that All Your Grain goes to Alberta Pool elevators.

You can pool your wheat or sell for cash at current market prices.

Alberta Wheat Pool

A REAL SMILER

Blessings on the man who smiles! I do not mean the man who smiles for effect, nor the one who smiles when the world smiles. I mean the man whose smile is born of an inner radiance, the man who

smiles when the clouds lower, when fortune frowns, when the tides are adverse. Such a man not only makes a new world for himself, but he multiplies himself as hundred fold in the strength and courage of other men. — George L. Perin.

Regular Meeting of Town Council

The regular monthly meeting of the Arrowwood council was held on Wednesday evening of last week.

The Secretary read the minutes of the last meeting and on motion of Councillor Beagle, were adopted as read.

Correspondence of the month was dealt with, including letters from the Department of Supplementary Revenue, and from the Relief Department concerning relief measures to be taken.

The following accounts were received and passed for payment:

Revelstoke Sawmill Co., Bow Valley Resource, D. J. Beagle, A. C. Henry, T. S. Board.

The question of fixing up the pump-house to withstand the winter cold was then given the consideration of the Council, and it was decided to extend the storm porch to cover both doors in the building, also to cover the ceiling of the well-house with plaster board. The Secretary was instructed to call tenders for this work, tenders to be in by Tuesday, Nov. 10.

Thursday, November 12th is set as nomination day, between the hours of 7 and 8 p.m. at the municipal office, to nominate one councillor to finish the unexpired term of A. J. Troy who has left Arrowwood. The Secretary was appointed Returning Officer.

The Secretary was instructed to post notices requesting residents to cut and burn the weeds on property adjacent to theirs, thereby lessening the fire hazard as well as adding to the general appearance of the town. This was requested at the suggestion of fire underwriters and the weed inspector for the district.

The Council then adjourned.

Unclaimed Rewards

It is surprising to note the large number of rewards offered from time to time which still remain unclaimed and the offers of which still remain good.

The largest reward ever offered by the British Government was \$120,000. It was offered in 1745 for the capture of the Young Pretender. I'm not sure whether this was a "dead or alive" proposition. If so, the British Government is well advised to repeal the offer because there is no telling what those rocky times may prompt the seeker after wealth to do.

A few years ago the Soviet government of Russia offered twenty million rubles to the person who would capture and deliver Oslap Ilistoy, who had been Soviet governor of the State of Tartaria. Oslap and a few friends lit out for some other parts and, so far as I know, are still enjoying the open air.

The World's Great Exhibition and Commerce to meet at Buenos Aires has over 1,700 standing offers to anybody in the world. The largest is an offer of \$50 a pound for 10 pounds of wheat—\$2,500—to any person in the world who will deliver the best sample or before March 1st, 1932. Among the other big fallows is one of \$50 a cask for the best ten cars of corn—\$500. A lot of people are going to win some easy money next year. This beats the sweepstakes plan all hollow. Nothing is left to chance or good luck. If you "deliver the goods" you get the cash.

The International Association of Automobile Clubs in 1918 offered a sum of \$100,000 for a perfect substitute for gasoline of such a nature that it could not be monopolized.

To the inventor of a machine which will efficiently pull and sap sugar beets another award of \$10,000 has been offered.

An Old Country paper says: "Some years ago, the importation into Britain of alpacas, the white feathers of the egret, was forbidden, and feather merchants offered a sum of one hundred pounds to anyone who could devise a method of keeping the egret in captivity. This is one more example of a prize that has never been won."

The hope of reward—some kind of reward—while the secret of more evil, is at the same time, a greater impulse for good than anything else in the world. It is man's greatest incentive to action.

The Worrier

Take yesterday's worries and sort them all out. And you'll wonder whether you worried about. Look back at the cares which once furrowed your brow; I fancy you'll smile at the most of them now. They seemed terrible then, but they really were not. For once out of the woods all the fears are forgot.

Look over the list of the blunders you've made. The debts you've accrued and eventually paid. They frightened you once, and you thought at the time that out of the valley you never would climb. But you did, and you're living and still going strong in spite of the troubles which happened along.

But I'm for the worrier! I'm for the man Who when he's in trouble does all that he can; I'm for the fellow who puts up a fight To straighten things out and to make them go right. And I say for his comfort, when matters seem bad, Tomorrow he'll smile at the troubles he's had.

— Edgar A. Guest.

Safeguarding Inspection

(National Crop Improvement Service.)

"Grain inspection has been reduced to a fine art. In order to avoid dispute, a sample is taken from the car of grain at the terminal market and is divided into two homogeneous halves by means of an ingenious separator into which the sample is poured.

"This division and makes the grain so evenly that the two portions may be weighed without the variance of more than a few grains." says Chief Culler, of the Toledo Produce Exchange.

"The object of this is that when the grain arrives at its destination and the buyer should complain of its quality, a re-inspection can always be demanded from the identical sample from which the first inspection was made.

"These reserve portions are kept for several months and in case of export, they prove invaluable in settling all complaints as to quality.

"Inspection nowadays is all official and the inspector cannot be tampered with because he has no idea whose grain he is inspecting. Grain inspection is as reliable as the coin age of silver."

Bread Making Made Easy

(National Crop Improvement Service.)

Most women think that bread-making is too hard work. That is only because they make it so. Whatever their recipe may be they should not laboriously knead the air out of the dough with vigorous punchings and pommings, because it is better to fold air into the dough which is a very simple process, occupying but a few minutes.

The quality of the bread depends largely upon the quality of the flour. Canadian spring wheat flour has long been a favorite because it excels in the proper kind of gluten. Soft wheat contains gluten which is not elastic and rubbery and while such flours may absorb water, the gluten cells do not retain the moisture, most of which is driven out by baking.

Do not waste your time kneading your bread. Fold it over. Mix your sponge into dough, folding in dry flour and air until you get the loaf of the right consistency. Treat it gently. The same dough will make beautiful rolls.

When you smile or laugh, your brain for a moment is freed from the load that is ordinarily carries.

What the Ice Age looked like, millions of years ago, is exactly pictured in the great Columbia icefield, extending for hundreds of miles in the Rockies, and easily accessible from Lake Louise, said Walter L. Payne, in a recent lecture entitled, "On Horseback to the Glacial Age." The field extends in the form of glaciers to three sides from which mighty rivers run to the Arctic, Pacific and Atlantic oceans.

Champions of the Railway-Phone League and winners of the Beatty Trophy and the Thornton Cup, the Canadian Pacific Railway hockey team, were individually presented with gold watches suitably inscribed, the gift of E. W. Beatty, chairman and president of the system, in honor of their victory, at a banquet at the Place Viger Hotel, Montreal, recently. The team will play Winnipeg at the end of March for the all-lines hockey championship of the Railway. (719)

Around Arrowwood**

Made in Canada Sale Sat. 21

BORN—To Mr. and Mrs. Q. Hollenberg, on Saturday, Nov. 7th, a son.

Bert Corey of Calgary has been spending the past week on his farm east of town.

Shoe repairing prices have been reduced at the Sunshine Shoe Shop. See advt.

Grace and Freda Board spent the week-end at the home of Mrs. McInenly.

Ladies Guild Annual Dinner Saturday, November 21.

Mrs. Lehman returned from Saskatchewan, where she spent the summer with her daughter, Mrs. Ralph Whipple.

Mr. E. S. Ross, of Calgary, arrived in town on Wednesday to join the local staff at the Bank of Nova Scotia.

Lost! Strayed! or Stolen!—A popular Arrowwood couple were last seen in a Dodge Coupe.

Mr. and Mrs. S. Burger left last week for the northern part of the Province on a big game hunt.

Miss Betty Hesketh returned to her home at Gleichen last Friday, after spending a few days visiting at the home of J. Hesketh.

A party composed of L. F. Chrestenson, R. L. Culp, A. Phillips and J. MacLeod left Sunday for the North in search of geese.

Mrs. C. G. Taylor made a hasty trip to Brooks early Monday morning where her brother is seriously ill with pneumonia.

Mr. L. Phillips of Milo has been relieving A. Phillips in the hardware store here, during the latter's absence on a hunting trip.

Mr. J. Hesketh was a visitor to Calgary on Tuesday. Mrs. Hesketh who has been visiting in Calgary, accompanied him home.

Several different species of birds have been noticed going south lately. Word was received last week that a lone (Eric) Bird will soon be leaving for warmer climes.

Ralph Whipple and family, formerly of Arrowwood district, motored down from Neilberg, Sask., to visit with friends and relatives. Ralph reports good crops in the Neilberg district.

Bert Tharle and Sep. Washburn are still trying to figure out whether it was hard times or Bob Beacom's and Mrs. Board's diplomacy that inveigled them into donating towards each others silver wedding gift. Guess you will have to give Mrs. Board and Mr. Beacom credit for being very diplomatic, boys.

Mr. M. Murray, Secretary for Arrowwood Consolidated school was in town Saturday looking after the interests of the school. The big thing with Mr. Murray is taxes and if effort counts, the school will have plenty of funds.

Mr. and Mrs. M. Norton, accompanied by Mr. J. H. Brubaker spent Sunday at Irricana where Mr. Brubaker conducted the Annual Harvest Thanksgiving service at first Irricana in the morning and second Irricana in the evening.

Mrs. C. Hettler returned from the Calgary hospital last week where she underwent an operation. Mrs. Hettler is much improved in health since the operation and is again able to carry on her boarding house.

Only a Dog

He'll follow you through to the end of the road,
No matter how rough the trail
With never a look of complaint,
just love

In every wag of his tail.
Whatever his social standing
may be.

Mongrel or pedigree breed—
He'll never desert you for a
new love.

For faithfulness is his creed.
Only a dog, but where in the
world

Could be found a stauncher
friend?
Whatever you are, a beggar or
prince—

He'll share your luck to the end

A great influx of tourists is coming into the Maritime Provinces this year, the chain of the Canadian Pacific hotels at Yarmouth, Digby and Kentville proving strong influences in promoting the traffic. The ten-day all-expense Canadian Pacific tour to the Toronto Exhibition next month is also drawing much attention in the Maritimes.

Grain exports from the port of Vancouver this year will probably exceed 75 million bushels. Up to June 4th wheat shipments amounted to 65,331,501 bushels. Accommodation for deep sea vessels has increased from 12 piers in 1920 to 24 piers at the present time and elevator capacity has increased from 1,240,000 bushels to 16,205,000 bushels.

An Indian Schoolboy's band of which the leader was also a schoolboy and in which the instruments were mouth organs, gazoos and other noise makers was one of the features of Indian Park at Banff which opened July 21. This was counterbalanced by a septuagenarian Chief's Choir of 18 chiefs and ex-chiefs who rendered airs taught by the first western missionaries back in the 1860's long before the Canadian Pacific Railway penetrated the mountains.

Six First Aid championships and five second places fell to Canadian Pacific Railway teams across Canada according to the recent annual report of the St. John Ambulance Association. Of these, three firsts and one second were captured by the Railway's Montreal Police Team. The second was in the coveted Montmartre Trophy, representing the championship of Canada for all owners in which they were only one point behind the winners, Royal Canadian Army Medical Corps of Kingston. Vol. 1, No. 13 Arrowwood, Nov. 12, 1931 Items for 10¢

Are We In a Rut?

The business men of Arrowwood seem to have slowed up. There's so many things that we can get together and plan for, that will not require any material outlay. Let us have a get-together meeting and plan for the future.

Besides the New, Quiet, Lifetime, Oil-Packed drive on the New Maytag washing machine that we explained last week, it also has an exclusive feature in its wringer, owned by Maytag and developed at a cost of more than \$200,000. It is enclosed with a positive action and automatic drain which shunts the water directly back into the tub without spilling or splashing from the wrung clothes. Its rolls are oversize, the top one flexible or balloon type and the lower one firm which means that the clothes are wrung evenly regardless of lumps, folds or seams. Buttons, snaps and ornaments will pass through unharmed.

The neat car shifting type control lever, counter sunk Gyrtator and handy non-drip drain are all additional Maytag features.

Remember we have them in two styles, the Aluminum or Nickled Copper Tubs and gas or electric models, priced to suit you.

It is wise to always use genuine Maytag Motor Oil for your Multi-Motors.

It is surprising the amount of Tractor Distillate that is being sold to farmers at this time of the season. Our distillate is a very high grade product and has many and various uses on the farm. The next time you need a drum of fuel we suggest that you try a British American Product and notice the improvement in your motor.

This week's "Wagin' Tung" will be void of its joke but will leave you shrouded in mystery for we have made a startling new discovery of how to make anti-freeze. Watch next week's issue for complete formula.

We can quote you a 10 to 20% reduction on grain grinders and straw cutters.
